Mr. N. H. Phillips,
Groveton, Texas.

Dear Sir:-

We are herewith enclosing you Field Notes of the different surveys we have in Walker County, Mr. Fogle requested us to send these Field notes by Monday but we are one day late in getting them to you, we ask that you kindly hand these Field Notes to Mess. Fogle and Smith and push them up as fast as you can on this deal, as we have other prospective buyers who desire to go and inspect the timber, but would prefer that these people have a ~~better~~ further opportunity of satisfying themselves, they expressed a desire to take the matter further on Monday and we trust they will do so and let us know at once what they propose to do, we would thank you to kindly keep us posted,

Yours Very Truly.
