

1884

* *

We are pained to record the death, on last Tuesday morning, of MR. SAMUEL MURCHISON, son of Kenneth Murchison, deceased. He died at the house of his sister near Coltharp, aged about 24 years, of consumption. His death was not unexpected, either to himself or friends, and he was fully ready for the momentous event. Sammy was one of our most quiet, gentle and upright young men, and was a favorite with all who knew him. A mother never had a more affectionate son, or sisters a more devoted brother. They have our most sincere condolence and sympathy. He had been reared with care and devotion, in the Methodist church, and his life and death was a monument to parental prayer and piety.
